■ Tailored Tenant Leasing Driving Earnings

(Residential/ Retail Building in Yokohama City)

Overview

- Mixed residential/retail building that benefits from convenient train access via Motomachi-Chukagai Station of the Minatomirai Line
 - Near Yamashita park, Chinatown, and Motomachi-dori
 - Building age: 10 years, Leasable area: 30,000m²
- As tenants accounting for nearly 50% of the total lease area were close to the end of their fixed-term lease contracts, Ichigo carried out extensive direct leasing to candidate tenants, including existing tenants
 - Since the number of passengers at the nearest station (Motomachi – Chukagai Station, Minatomirai Line) was soaring, Ichigo identified potential candidates who would best benefit from this higher traffic and was thereby able to significantly increase new rents.

1.7X increase in new rents

Note on More Detailed Consolidated and Asset Disclosure

As of FY14/2 full-year financials, we have increased our disclosure with respect to our statutory consolidated financials and assets, including risk-based disclosure of our balance sheet that separates out client and non-recourse assets and liabilities and discontinuing “Pro Forma” financial reporting. We take investor feedback seriously and that feedback has been that more detailed disclosure with respect to our consolidated P&L financials and assets is needed in lieu of Pro Forma numbers.

Corporate Structure and Earnings Segments

– Asset Management, Real Estate, Value-Add, Clean Energy, Other

Value-Add Sample Earnings Model

- 5.5% NOI, JPY 2B purchase, LTV 70%, 1.5% interest rate, JPY 50M capex, 20% increase in NOI, 3-year holding period
- Tenant leasing, aesthetic improvement, building code violation remedy, earthquake retrofit, etc.

At Acquisition NOI

$(\text{JPY } 110\text{M NOI/year}) - (\text{JPY } 21\text{M interest/year}) = \text{JPY } 89\text{M NOI/year}$
 $\text{NOI} \div \text{Initial Investment} = 14.8\% \text{ NOI return during investment period}$

After Value-Add NOI

$(\text{JPY } 132\text{M NOI/year}) - (\text{JPY } 21\text{M interest/year}) = \text{JPY } 111\text{M NOI/year}$
 $\text{NOI} \div \text{Total Investment (JPY } 600\text{M} + \text{JPY } 50\text{M}) = 17.1\% \text{ NOI return during investment period}$

Value-Add for Capital Gain

Value-Add to increase NOI 20% at equivalent cap rate increases exit price by 20%: $\text{JPY } 2\text{B} * 120\% = \text{JPY } 2.4\text{B}$
 $\text{JPY } 2.4\text{B} - (\text{JPY } 2\text{B} + \text{JPY } 50\text{M}) = \text{JPY } 350\text{M capital gain}$

Result

JPY 650M investment generates JPY 617M over 3 years → 31.6% p.a.

Ichigo comes from an ancient Japanese proverb, *Ichigo Ichie*, meaning “One lifetime, one encounter”

As the core company of the Ichigo Group, Ichigo Group Holdings seeks to serve the needs of society by investing in Japanese real estate. We draw upon our extensive experience in real estate and financial services to provide our shareholders and clients secure long-term returns. As Japan's first zero-carbon public real estate firm, we are deeply committed to supporting the balanced, green, and ecologically-responsible development of Japan's economy and society through our real estate investment activities.

We were established in March 2000 and listed on NASDAQ Japan (now JASDAQ) in November 2002. We are focused on stable and profitable growth for our shareholders.

To strengthen Ichigo Group's capabilities as a real estate owner/operator, we merged our key real estate subsidiaries on July 1, 2012. The mergers bring together our J-REIT and private equity real estate asset management companies, providing more scale to our teams and enabling us to add further value to small-to-mid-sized assets and ground leases. In addition, Ichigo Group entered the clean energy industry in November of the same year, enabling the Group to promote ecologically-friendly value enhancement of its properties. We operate and add value across the full spectrum of Japanese real estate assets, including a Tokyo Stock Exchange-listed J-REIT (Ichigo REIT, 8975), private equity real estate funds, property management, and facility management.

We look forward to building upon our track record as a Japanese real estate services provider, creating success for our clients and our shareholders and working to be prudential stewards on behalf of society and our shared environment.

■ Ichigo Group Structure

"Ichigo" comes from an ancient Japanese proverb, Ichigo Ichie, literally meaning "One lifetime, one encounter." The phrase comes from the writings of a 16th century master of the tea ceremony, Yamanoueno Souji. Souji called upon his disciples to give total focus and sincerity to each act of the tea ceremony for every guest, because that particular moment will only exist once and must be fully lived and realized. We embrace this philosophy of building and maintaining strong long-term relationships to support the success and growth of our clients, shareholders, and all stakeholders.
