6. Segment Information

(1) Segment Overview

Asset Management generates fee income via the management of the Ichigo Office REIT (8975), Ichigo Hotel REIT (3463), and private funds and via providing real estate services related to real estate acquisition, operation (property management/building maintenance), and disposition.

Value-Add preserves and improves real estate. The Company receives rental income during the period it is carrying out its value-add, along with profits on sale that reflect the real estate's higher value after the value-add is complete.

Clean Energy generates long-term income primarily via utility-scale solar power production that supplies clean energy and brings productive use to idle land.

Other is primarily legacy securities investments that are not related to the above three segments.
