Asset Sale to Ichigo REIT (Ichigo Akihabara North Building)

Suehirocho Holdings, a real estate fund that is a 100% subsidiary of Ichigo Group Holdings (“Ichigo”), has signed a Purchase and Sale Agreement to sell the Ichigo Akihabara North Building to Ichigo Real Estate Investment Corporation (“Ichigo REIT,” 8975), as follows.

1. Background

In March 2011, Suehirocho Holdings, a bridge fund established to support acquisitions for Ichigo REIT and managed by Ichigo Estate Co., Ltd., acquired the Ichigo Akihabara North Building, an office building in the redeveloping commercial district of Akihabara. The property is currently leased to a major Tokyo Stock Exchange-listed company with a fixed-term lease contract, securing long-term, stable rental income. Since acquiring the building, Ichigo has implemented a number of value enhancement measures including a BEMS (Building and Energy Management System).

The asset is being sold as part of an Ichigo REIT public offering as announced separately today by Ichigo REIT.

Via this sale, Ichigo expects to record revenues of 5.5 billion yen and a profit of 720 million yen in the current fiscal year..
