Real-World Augmented (AR) Game TSUBASA+ Launch Postponement

MIRAIRE, the developer of the TSUBASA+ augmented reality (AR) game, has decided to postpone the Asia and Oceania launch of TSUBASA+ that was announced in our September 28 release “Real-World Augmented Reality (AR) Game TSUBASA+ Pre-Registration Campaign.”

1. Launch Schedule

Original Launch Date: October 15, 2020

New Launch Date: TBD

2. Reason for Launch Postponement

MIRAIRE is postponing the launch to reflect user feedback from the European launch on September 30, 2020 and make further improvements to the game.

For additional details, please see today’s release from MIRAIRE at <https://miraire.com/archives/news/tsubasa-second-release-date-adjustment>

Although the new launch date has not been determined, MIRAIRE is currently working to launch the game by the end of this month. Ichigo will announce the details of the new launch date as soon as they are available.
