## **Ichigo Concludes J.League Top Partnership**

Since 2019 Ichigo has served as a J.League Top Partner in support of the J.League's mission to establish sports clubs that are rooted in local communities and work with local residents, businesses, and governments to promote community development.

While Ichigo's J.League Top Partner activities have provided invaluable experience, Ichigo will conclude its role as a J.League Top Partner upon the expiration of the current agreement on June 30, 2026. Ichigo would like to express its deepest gratitude to the J.League and each J.League club for their warm support and generosity over the years.

With the conclusion of the J.League Top Partner agreement, Ichigo also decided today to conclude its J.League Shareholder Program.

For details, please refer to today's release "[Conclusion of Ichigo J.League Shareholder Program & Launch of Ichigo THANKS! Monthly Present Program.](#)"

Going forward, Ichigo will concentrate its J.League activities on the management of Tegevajaro Miyazaki, the J.League club in J3 that Ichigo acquired in 2023. Tegevajaro Miyazaki earned J2 promotion in 2025.

Ichigo deeply values the relationships it has built in communities across Japan over the years. Ichigo is currently leading the renovation of the Matsue City General Gymnasium (the home area of Shimane Susanoo) into an arena that meets the professional Japanese basketball league's B.LEAGUE PREMIER standards.

In partnership with local residents, businesses, and governments, Ichigo will continue its work to revitalize and build sustainable communities, connecting communities through sports to contribute to a more sustainable society.

### Earnings Impact

The earnings impact of concluding the J.League Top Partnership is minimal. Ichigo will continue to drive growth in shareholder value and fulfill its social responsibilities as a sustainable infrastructure company.
